Subject Choices For Sixth Form

PLEASE READ THE FOLLOWING VERY CAREFULLY AS MISTAKES MAY DELAY YOUR APPLICATION

The table on the next page shows last year's option blocks. This is the starting point for the construction of the timetable for 2017-18.

A Level students should choose a minimum of three subjects, one from each option block. Up to two reserve subjects can also be chosen.

We will try our utmost to ensure that all students gain their first choices of subjects, but this may not be possible in all of cases.

If you wish to undertake a combination of subjects that will not fit, please contact Mr Delf. If sufficient numbers of students wish to take this combination we will attempt to accommodate it. The current Option Blocks represent the arrangement that is the best for the vast majority of students.

Occasionally a course does not attract enough students for it to be viable to run. If this is the case, students will be informed as soon as possible and a reserve subject will be used. In addition, we occasionally have to move subjects between option blocks due to staffing.

Students will be notified as above. Further Maths is normally taken as an extra A Level by students on the Maths course and is therefore not represented in the option blocks below. Entry for this subject is determined by the Maths Department and usually requires students to gain a Grade 8 at Maths GCSE and/or extremely high achievement in the first term of A Level Maths. Extra lessons will be added to the student's timetable.

Level 3 Vocational students should choose a maximum of two Level 3 subjects (one Double award and one Single award).

The combination of subjects that are chosen will be carefully discussed at interview.

For full details on subject choices please see the Course Booklet or email a member of the sixth form team if you have any questions.
