5.1.4 The following Statutory Maternity Payments will apply depending on the length of service:

i) Employees with less than 26 weeks local government service at the beginning the 15th week before confinement

5.1.5 These employees do not qualify for Statutory Maternity Pay (SMP) however may qualify for Maternity Allowance (MA) or other benefits. These employees must contact their local Department of Works and Pensions for more information. In this situation, the School will still require a copy of the employees' MATB1 form.

ii) Employees with less than 1 year's local government service at the beginning of 11th week before confinement, however more than 26 weeks at beginning of 15th week.

5.1.6 These employees are entitled to Statutory Maternity Pay of 39 weeks, which is made up of:

5.2.6 Any amendment to an employee's working arrangements, following Maternity Leave, will need to be based on the operational needs of the service and subject to management approval, following a flexible working application.

6.0 Shared Parental Leave and Pay

6.1 Shared Parental Leave will enable eligible mothers, fathers, partners and adopters to choose how to share the time off work after their child is born or placed for adoption. This could involve returning to work for part of the time and then resuming leave at a later date.

Please see below the key points to this legislation:

- a) Qualifying mothers and adopters continue to be entitled to Maternity and Adoption rights however they may also be able to choose to end this early and exchange it for Shared Parental Leave and Pay. They and their named partner will then need to decide how they want to share this new entitlement
- b) Two weeks of paid Paternity Leave continues to be available to qualifying fathers and the partner of a mother or adopter. However, Shared Parental Leave has replaced the Additional Paternity Leave entitlement
- c) These regulations came into force on 1 December 2014 and apply to eligible parents where a baby is due, or a child is placed for adoption, on or after 5 April 2015

Please refer to the School's Shared Parental Leave Procedure for further information.

7.0 Sickness during pregnancy

- 7.1 An employee may choose to work beyond the 11th week before the expected week of confinement (EWC), if fit to do so without loss of benefit. However, Maternity Leave will automatically be triggered when a **pregnancy-related** absence occurs after the beginning of the 4th week before the Expected Week of Confinement regardless of when the employee intended to commence her maternity leave. It is important that Managers establish whether the illness during this period is pregnancy-related. If the illness is not pregnancy related then sick pay, if applicable, will be payable in the normal way.
- 7.2 It is recognised that it may be difficult to distinguish between illnesses that are and are not pregnancy related, please see below some of the conditions/illnesses that are definitely attributable to pregnancy:
- a) Threatened Abortion
 - b) Amenorrhoea
 - c) Anaemia
 - d) Emesis (vomiting) due to pregnancy
 - e) Hydranmios
 - f) Hyperemesisgravidarum
 - g) Morning sickness
 - h) Nausea of pregnancy
 - i) Pregnancy complications
 - j) Toxaemia

Managers must note that this is not a comprehensive list.

8.0 Employee dies

- 8.1 If your employee dies during the Maternity Pay Period, you should pay SMP for the week in which they die, but not for any week in the MPP after that.

9.0 Stillbirth or miscarriage

- 9.1 If the employee loses her baby earlier than the 25th week of pregnancy she will not qualify for Maternity Leave, Statutory Maternity Pay or Maternity Allowance. In this situation the employee may be granted leave in line with the School's Special leave arrangements.
- 9.2 If the employee has a stillbirth or child dies at any point from the 25th week of pregnancy onwards, including during maternity leave, she would be eligible for Maternity Leave, Statutory Maternity Pay, Occupational Maternity Pay or Maternity Allowance in the usual way.

- 9.3 It is important for Managers to be supportive of employee's during this stressful time. If necessary, and if the employee wishes to, arrangements can be made for the employee to attend counselling. If the employee wishes to, they can contact the Council's Employee Assistance Provider Work Place Options for free confidential advice and counselling.

10.0 Premature birth

- 10.1 If a woman gives birth prematurely to a living child, even in cases where the baby later dies, at any point in her pregnancy, she will be entitled to Maternity Leave, Statutory Maternity Pay, Occupational Maternity Pay or Maternity Allowance in the usual way.

10.2 Premature Baby Leave and Pay: Smallest Things campaign

With effect from 1 January 2018, parents of babies born at or before 37 weeks will be entitled to receive an extra week's Premature Baby Leave and Premature Baby Pay for every week their premature baby spends in hospital before their due date. This leave entitlement will be added to the end of the employee's Maternity Leave period after the Maternity Leave entitlement has been exhausted. Premature Baby Pay, full pay for applicable weeks, will be paid to applicable employees at the beginning of their maternity leave period.

11.0 'Keeping in Touch' (KIT) days

- 11.1 Employees while on maternity leave can elect to have up to ten 'keeping in touch' (KIT) days without bringing their leave entitlement to an end or without losing any Statutory Maternity Pay (SMP) entitlement. Employees may wish to attend training events or appraisals during these days. Employees do not have to participate in 'keeping in touch' days and likewise the employee cannot insist on working if this is not suitable to the service requirements. The Manager and the employee must discuss the pay arrangements in relation to the 'keeping in touch days'.
- 11.2 If an employee elects to work their 'Keeping in Touch' days, the employee will be paid the difference between the actual rate of pay that they are receiving for that day and their daily rate of pay.
- 11.3 If an employee attends work as part of her 'Keeping in Touch' days it is important that a risk assessment is conducted. Employees cannot undertake a KIT day within two week of giving birth.
- 11.4 Maternity Pay regulations state that maternity leave and entitlement to Statutory Maternity Pay must end if a woman works any more than the ten days allowed.

12.0 Reasonable contact

- 12.1 The School may make reasonable contact with the employee while she is on maternity leave, as long as the amount of contact is not unreasonable, for example to discuss her plans to return to work, to keep her informed of important developments, promotional opportunities and / or vacancies.

13.0 The right to return to work

- 13.0.1 All employees must have at least 2 weeks Maternity Leave for health and safety reasons. Please see below for details on both the employee and School's obligations when dealing with an employee returning to work.

13.1 Obligation of the employee

- 13.1.1 All employees on Maternity Leave will be given written confirmation of the latest date that they can return to work from Maternity Leave. If the employee wishes to return to work prior to this date, then she must give the School:

- a) **8 weeks notice** of returning from Maternity Leave for Support staff.
- b) **28 days notice** of returning from Maternity Leave for Teachers.

- 13.1.2 If an employee elects not to return to work following her Maternity Leave she will be required to give the appropriate contractual notice. Any entitlement to Maternity Pay will continue during the notice period. Please be aware that Occupational Maternity Pay will be paid on the understanding that the employee returns to work for a period of three months.

- 13.1.3 Employees may wish to return to work under different working arrangements following their Maternity Leave; this will need to be discussed with the Headteacher and the request should be put in writing. Please refer to the School's Flexible Working Policy for further information.

13.2 Obligation of the School

- 13.2.1 Employees have the right to return to the post, in which they were employed prior to commencing Maternity Leave, on their original contract of employment, and on the terms and conditions not less favourable than those which would have been applicable to them had they not been pregnant.

- 13.2.2 If a redundancy situation has occurred within their existing post, they will be offered an alternative suitable vacancy, where one exists. They will have the right to consider such work, even though they are on Maternity Leave. The offer will be made before their previous employment ends and the new employment will commence immediately. It must involve suitable work and the terms and conditions no less favourable than the previous contract. If there is no alternative employment available then the employee will be made

redundant, and receive redundancy pay in line with their statutory and contractual entitlements.

13.2.3 If an employee is unable to return to work due to illness following their Maternity Leave, normal sickness procedures will apply.

13.3.4 If the School has not heard from the employee regarding their return date after the first 26 weeks, the School will assume that the employee will be taking their full Maternity Leave entitlement.

13.3.5 Managers must ensure that a Risk Assessment has been conducted before the employee can commence work. Employees who return to work prior to the first 26 weeks' Ordinary Maternity leave (OML) has expired.

14.0 Leaving the School's employment

14.1 Pregnant employees leaving the School's service for any reason prior to giving birth will be entitled to Statutory Maternity Pay as long as they:

- a) Have been continuously employed within Local Government Service for at least 26 weeks continuing into the 15th week before the expected week of confinement, (Count part weeks as full weeks).
- b) Have earnings above the lower earnings limit for the payment of national insurance contributions, at nationally agreed rates

14.2 Statutory Maternity Pay is pensionable. Employees who are in the Local Government Pension Scheme (LGPS) and leave prior to commencing Maternity, will have their pension scheme membership extended until the Statutory Maternity Pay ceases, 39 weeks later.

14.3 For example, an employee who resigns and leaves the School's service on 28th February, therefore the last day in service with the Council will be 28th February, however their Pension Scheme membership will cease 39 weeks later on 28th November.

14.4 These employees will not be entitled to receive Occupational Maternity Pay as they will not be able to fulfil the criteria of returning to work for the required 13 week period.

15.0 Contributions to the Pension scheme while on Maternity Leave

15.1 Pension contributions are payable for the paid period of Maternity Leave, however, will be based on the rate of payment actually received.

15.2 Service will accrue and the *notional pensionable remuneration will be as if the absence had not occurred.

(*Notional pension means the imagined / assumed pension contribution that would have been earned had the employee not been absent.)

- 15.3 If the employee is entitled to unpaid Maternity Leave she then has the choice as to whether she wishes any further unpaid leave to count for pension purposes. If no further contributions are paid, no further rights accrue.
- 15.4. Arrears of contributions can be paid for the unpaid absence and service continues to accrue as before. Employees may elect to continue or discontinue their contributions. Employee will be required to contact the Pension scheme administrator, Wandsworth within 30 days of their return to advise the administrator if they want to pay pension contributions for the unpaid period of the maternity leave period. Pension contributions can then be arranged for the employee to repay any contributions in instalments.
- 15.5 Where an employee originally states an intention to return to work, however, she subsequently changes her mind, she may have already received some sort of maternity pay and will have contributed to her pension scheme, therefore employment and pension accrual do not cease until the end of the paid maternity period.
- 15.6 If employees have any queries regarding their pension contributions while on Maternity Leave, they can contact either Wandsworth, the Pension scheme administrator on 0208 871 8036 or e-mail pensions@wandsworth.co.uk or for Teaching staff please contact Teachers pension on 0345 6066166 or e-mail tpmail@teacherspensions.co.uk.

16.0 Health and Safety while at work

- 16.1 The School has a responsibility to all pregnant employees to ensure the safety of both the mother and the unborn child whilst she is at work. The School has in place guidance and information regarding the working environment for an employee during pregnancy and while they are breastfeeding. Once an employee has advised the School of her pregnancy, the Manager must ensure that a further risk assessment is carried out on her post. Her Manager must then discuss any specific areas of concern with her and what action needs to be taken, in light of the problems identified. The assessment made must be regularly monitored and reviewed to take into account possible risks that may occur at the different stages of pregnancy. For guidance on carrying out risk assessments please refer to the Health and Safety of pregnant employee's guidance for more information.
- 16.2 If employees have any concerns regarding this they must raise their concerns with either their Manager or their traded HR provider.

16.3 Dignity at work

In discharging its duty of care, this school will provide a room and facilities to enable, for the purpose of expressing milk, to any member of staff returning from maternity.

17.0 Dealing with computer or bike loans

- 17.1 If an employee commencing Maternity Leave has a loan with the School arrangements will be made for the repayments to be made while the employee is in receipt of any payments. However once the maternity payments have ceased, the loan instalment arrangements will be suspended and deferred until the employee, either returns to work or will be addressed upon termination of employment as part of the termination arrangements.
