

Computing and ICT at Holy Family Catholic School
Information for candidates
March 2021

Our Key Stage3 curriculum involves teaching topics such as Scratch Programming, Data Representation, 3D Gaming, E-Safety, Digital Literacy & Computer Systems. At Key Stage 4 we offer ICT based and computing GCSE courses and we also offer ICT courses at level 3 in our sixth form.

The successful candidate will teach across the age range and contribute towards a wide range of courses. We are continually reviewing our ICT and computing provision and there will be the opportunity to shape our new Year 8 Computing curriculum.

Experience of teaching GCSE Computer Science, OCR specification will be preferred with strong experience of programming languages such as Python, HTML, CSS & JavaScript.

Experience of teaching BTEC Level 2 Digital IT & BTEC L3 ICT specification will be advantageous and involve units in Website Development & Database Development

We are also looking for someone with

- An understanding of recent curriculum/learning developments
- An understanding of the strategies required to motivate and enthuse all students across the ability range as part of a whole school approach to raising achievement.
- An understanding of the processes and techniques required to assess, record and report students' learning effectively.

Applications are welcome from both NQTs and more experienced colleagues
